PROJECTS

ExecOS AI Agent (Ongoing)

• Developing an AI-powered agent to automate tasks and provide intelligent responses
• Integrating APIs and backend logic to process user inputs and generate outputs
• Focused on real-world AI automation and productivity use cases
• GitHub: https://github.com/mandal6359/Execos-AI-Agent.git

Credit Wise Loan Prediction System

• Built a machine learning model to predict loan approval status using classification algorithms
• Performed data preprocessing, feature selection, and model evaluation
• Developed an interactive interface using Streamlit for user input and prediction
• GitHub: https://github.com/mandal6359/credit-wise-loan-system.

AI-Based Fraud Detection System

• Developed a machine learning model to detect fraudulent transactions using Python (Pandas, Scikit-learn, XGBoost)
• Handled imbalanced datasets and evaluated model performance using Precision, Recall, and F1-score
• Built a predictive system for real-time fraud classification
• GitHub: https://github.com/mandal6359/fraud-detection-ml.

EDUCATION

ITM Vocational University, Vadodara — *B.Tech/Computer Science (Data Science)*

2025 – 2028 (Full-Time)

Government Polytechnic Gandhinagar, Gandhinagar — *Diploma in Information Technology*

2020 – 2025 (CGPA: 7.5)

EXPERIENCE

Data Science & Data Analytics Intern | IBM (Jan 2024 – Apr 2024)

• Performed data analysis and preprocessing using Python (Pandas, NumPy)
• Built machine learning models for prediction tasks using Scikit-learn
• Created dashboards and visualizations using Power BI

Cloud Computing Trainee | Google Cloud Arcade (Jul 2023 – Feb 2024)

• Completed hands-on labs on Google Cloud Platform (GCP
• Worked with services like Compute Engine and BigQuery
• Deployed basic cloud-based applications

Campus Ambassador IIT Bombay Intern |E-Cell, IIT Bombay (Jul 2025 - Feb 2026)

SKILLS

• **Programming**: Python, SQL

• **Machine Learning**: Regression, Classification, Model Evaluation, Feature Engineering

• **Data Analysis**: Pandas, NumPy, Data Cleaning, EDA

• **Libraries**: Scikit-learn, XGBoost, Matplotlib

• **Tools & Technologies**: Streamlit, Git, GitHub, HTML, CSS

• **Platforms**: Google Cloud Platform, Power BI.

AWARDS

Earned multiple verified certifications from IBM and Google Cloud via Credly in Data Science, Machine Learning, and Cloud Computing.
